

For immediate release

KIDS NEED FLU SHOTS TOO

The Center for Disease Control and Prevention recommends flu shots for anyone ages 6 months and up. Children are great germ spreaders and are vulnerable to colds, flu and other viruses since they come into contact with so many other children at daycare and school. The best protection is getting a flu shot. Green Lake County will be having walk-in flu shot clinics for children and adults on:

Monday, November 15th from 3:00 pm to 5:00 pm at Grace Lutheran Church in Berlin.

Thursday, November 18th from 3:00 pm to 4:30 pm at Green Lake County Human Services Center.

Vaccines are available for free to children age 18 and under, including the flu mist while supplies last. Cost for adults is \$30 unless you bring your Medicare, Medicaid or Forward card to the clinic. For questions, call 920-294-4070.
