DHS Green Lake  
County Public  
Health Profile

Annually

**OBJECTIVE #1:** By 2022, at least one new or existing strategy will be implemented, strengthened, or expanded to help increase use of outreach, intervention, treatment, and support services for alcohol and drug misuse.

**BACKGROUND ON STRATEGY-** Over the next 5 years the Green Lake County Health Department will work with closely with the Green Lake County Treatment Court program to increase the number of individuals participate and complete the program. This is a new program to our county therefore there is no baseline data available.

**Source:** County Health Rankings

**Evidence Base:** Yes, Drug Courts are scientifically supported

**Policy Change (Y/N):** Y

**ACTION PLAN**

Activity	Target Date	Resources Required	Lead Person/ Organization	Anticipated Product or Result	Progress Notes
