GREEN LAKE COUNTY DEPARTMENT OF HEALTH & HUMAN SERVICES

KINSHIP CARE POLICY

UPDATED SEPTEMBER 2015
REVISED MAY 2017

I. APPLICATION

Relatives seeking kinship payments will submit a fully completed Kinship Application and Criminal Background Information Disclosure (HFS-64) to Green Lake County Department of Health & Human Services Department.

II. CRIMINAL BACKGROUND CHECKS

Green Lake County Department of Health & Human Services Department will conduct criminal background checks per HFS (DCF-58.04). There are automatic conviction denials for Kinship Care from Wisconsin State Statutes, Chapters 939, 940,944, 948 and 961.

III. VERIFICATION OF RELATIONSHIP

Green Lake County Department of Health & Human Service will verify the relationship between the kinship applicant and the child. The Department may take verbal report of this relationship which would be documented in the kinship home study. If there is reason to question the validity of the relationship between the applicant and the child, the Department may request written verification such as, but not limited to, a birth certificate, marriage license, guardianship papers or paternity papers. A copy of this written verification will be kept in the kinship file.

If the applicant is applying for long-term kinship; the applicant must submit proof of guardianship under \$ s.48.977 (2), Wis. Stats.

IV. VERIFICATION OF RESIDENCE

Green Lake County Department of Health & Human Services will conduct a home study as part of the application process. The social worker or Unit Manager conducting the home study will verify the child's residence in the home. This will be documented in the home study report. The social worker or Unit Manager will also conduct an inspection of the home.

The social worker or the Unit Manager as part of the home study will document "Best Interest of the Child". If the child is placed by a court order under \$\frac{\scrt{S}}{\scrt{S}}\$.48.13 or \$\frac{\scrt{S}}{\scrt{S}}\$.938.13, \$\frac{\text{Wis}}{\scrt{S}}\$. Stats or a tribal court in a matter related to a child in need of protection or services, the agency will assume that the placement is in the best interest of the child and a copy of the court order will be kept in the kinship care case file.

The home study will cover the following areas:

- **A.** Summary of situation (need for living arrangement)
- B. Eligibility Criteria

- **C.** Family composition
- D. Family residence
- E. Family relationships
- F. Health
- **G.** Family finances
- H. Criminal background check
- I. Recommendations

V. ELIGIBILITY CRITERIA

- **A.** Needs of the child: (DCF 58.10)
 - 1. The child needs the kinship living arrangement and the agency determines that the child needs the kinship living arrangement by determining at least one of the following:
 - a) The child's need for adequate food, shelter and clothing can be better met with the relative then than with the parent.
 - **b)** The child's need to be free from neglect, physical injury, sexual abuse or exploitation, or emotional injury can be better met with the relative than with the parent.
 - c) The child's need to develop physically, mentally and emotionally to his or her potential can be better met with the relative than the parent.
 - **d)** The child's need for a safe or permanent family can be better met with the relative than with the parent.
 - 2. The Department Unit Manager/Social Worker shall personally interview the prospective kinship care relative to make the determination that one or more of the criteria are met.
 - **3.** The Department Unit Manager/Social Worker administering the kinship care program shall establish a written policy describing its requirements for documentation for determining need for the child's living arrangement.
 - **4.** The Department Unit Manager/Social Worker shall maintain in the kinship care relative's case record a description of the determination of need that was used to approve the application and shall maintain a narrative statement of information obtained through any interviews.

B. Best interests of the child:

- **1.** The proposed kinship living arrangement is in the best interests of the child. This should be determined by proceeding as follows:
 - a) If the child is placed with the relative by the order of a court; the agency shall assume that the living arrangement is in the best interests of the child and shall maintain a copy of the court order or other documentation in the kinship care relative's case record.
 - b) If the child is not placed by a court order, the agency shall determine if the kinship living arrangement is in the best interests of the child by making a reasonable effort to contact the child's custodial parents to determine that he or she are aware of and have consented to the living arrangement. The effort to contact the parents shall be made by mail and can be supplemented by telephone or in person. If consent is received, the kinship living arrangement is determined to be in the best interests of the child. If the agency is unable to contact the parents the agency may determine that the inability to make contact indicates that the placement with the relative is in the child's best interest. It is only necessary to receive consent from one custodial parent. In addition, to determining parental consent the agency shall determine that both of the following conditions exist:
 - The applicants or kinship care relative's parenting history and parenting ability do not include behaviors or actions that are contrary to the health, safety or welfare of the child.
 - 2) A minor child residing in the potential kinship care relative's home has not committed any delinquent acts or other acts that endangered the safety of another child or that could adversely affect the child.

VI. COOPERATION WITH AGENCY

- A. The kinship applicant is expected to cooperate with the Department HFS-5804 (DCF 58.04(3). Falsification of information on the application or refusal to allow a home study will result in denial of kinship benefits
- **B.** The kinship applicant is required to apply for other forms of assistance that the child may be eligible for.

C. The kinship applicant and the kinship care providers are required to report to the Department any changes that would affect eligibility for kinship benefits.

VII. APPROVAL PROCESS/PAYMENT OF BENEFITS

- A. Green Lake County Department of Health & Human Services will complete the application process and make a determination of eligibility for kinship benefits within 45 days of the day the application is received by the agency Department. If an applicant is denied; the family will be notified of the reason for denial and a copy of the appeals process.
- **B.** Payments for approved kinship care will begin from the date the completed application was received by the Department.

VIII. WAITING LIST

A. The Green Lake County Human Department of Health & Human Services

USED REQUIRED DCF 58.12 LANGUAGE

OMITTED: will maintain a waiting list for Kinship benefits once a determination is made that there is insufficient funds to meet the financial needs of all the applicants. The State of Wisconsin will be notified of the decision to go on a waiting list status.

NEW:

may place an applicant on a waiting list if the agency has expended it's Kinship Care benefit allocation for the agency's fiscal year or has established a caseload which will result in the agency expending it's Kinship Care benefit allocation by the end of the agency's fiscal year and has notified the department of the need for a waiting list.

Note: Notice required in sub (1) should be submitted to Kinship Care Program Coordinator, DCF/DSP, P.O. Box 8916, Madison, WI 53708-8916.

B. OMITTED: Exceptions to the waiting list would be those cases where there is a court ordered placement or if the case is open with the Department and a Voluntary Placement Agreement has been signed by the parent or legal guardian. All other applicants will be served on a first come first serve basis with the date the agency received the completed application being used to establish when the name goes on the waiting list

NEW:

An agency may prioritize applicants on the waiting list according to any of the following criteria that shall be described in the agency's written policy:

- 1. The lack of stability in the living arrangement if a payment is not made.
- **2.** The order in which the applications are received.
- 3. The level or urgency of the child's need under s.DCF 58.10(1)(a).
- 4. Can not wait list this group If the child is under guardianship of the Kinship Care applicant by a statutory provision other than s.48.977. Wis. Stats.

IX. DENIAL OF KINSHIP

- A. If Green Lake County Department of Health & Human Services
 Department denies approval for Kinship Care to an applicant or
 discontinues a current Kinship Care the agency Department shall notify
 the applicant in writing of its decision and the reasons for the decision.
 The agency Department shall include in the notice information about the
 applicant's right to appeal or request a review of that decision under sub.
 (2).
- **B.** If the notice states a payment will be discontinued the notice shall also include a statement that the payment shall not be terminated until after the hearing decision is issued if the kinship care relative requests a hearing within 10 days after the date of the notice.
- **C.** If an application is denied or a payment is terminated as the result of a negative criminal background of the applicant may request a review of that decision to the Director of Green Lake County Department of Health & Human Services Department or his/her designee.
- **D.** If an applicant is denied Kinship Care; the applicant cannot reapply for six months after the date of denial.

X. PERIODS OF PLACEMENT WITH PARENT OR GUARDIAN

- **A.** When a child has periods of placement or visitation with his/her parent or guardian and the time period becomes greater than 50% the Kinship relative is no longer eligible for kinship care benefits and payments would be terminated.
- **B.** While it is the intent of the Kinship Care program that the child is placed outside of the parental home, there are some instances where the inhome parent is not able to care for the child (due to age or disability) and as such, the child is at-risk of CHIPS or JIPS. In some of these instances, the parent may reside in the home of the parent or caregiver. At other

times, when the child has been removed due to court order and the court has ordered the child to placement with another relative for safety purposes, the parent may live in the same household (example child placed due to incarceration, then parent released). If the parent is demonstrating that they intend to resume care for the child and are working on court-ordered conditions of return, the Unit Manager may determine that Kinship Care benefits could continue for a period of three (3) to five (5) months in the instance that the parent is living with the relative and child (ren). (Amended 09/2015)

XI. REASSESSMENT OF ELIGIBILITY

Green Lake County Department of Health & Human Services shall reassess eligibility of a Kinship Care relative every 12 months after the date the agency initially began making payments to the kinship care relative. If it is determined through reassessment that the requirements under ss.HFS 58.04 and 58.10 are not met the Green Lake County Department of Health & Human Services shall discontinue making kinship care payments to the relative.

The reassessment shall include: 1) a home visit; 2) Criminal Background Check; 3) Cooperation with the review process by the applicant; 4) Verification of school status if the child is over 18; 5) The need of the child; 6) Best interest of the child; 7) The child could be under the jurisdiction of the Court.
