Subject: Becky Young Funding – FY18

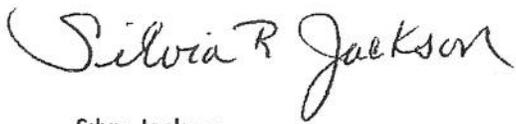

I want to thank you for your program description and proposed budget requesting Reentry Purchase of Service (appropriation 111) and/or Becky Young Community Corrections Recidivism Reduction (appropriation 112) dollars for the Green Lake County Correctional Facility Recidivism Reduction Program. This is a unique opportunity for a collaborative effort between the DOC Office of the Secretary, the Division of Community Corrections, the Green Lake County Sheriff's Office and the Green Lake County Jail to reduce recidivism and improve public safety in the local community. I am pleased to notify you of the Department's decision to fund Green Lake County's recidivism reduction effort in the amount of \$143,097 for State Fiscal Year-2018.

As we have discussed, there are a number of requirements associated with the Becky Young funds. As identified in Wis. Stats. 20.410 (1) (ds), the appropriation can only be used to reimburse services provided to individuals who are on probation, or who are soon to be or are currently on parole or extended supervision, following a felony conviction, in an effort to reduce recidivism. As a result, monthly invoices must be itemized to identify the DOC individuals meeting these criteria and the services they received. The partnership Green Lake County will establish with University of Cincinnati Corrections Institute (UCCI) will be helpful in providing an evidence-based curriculum which utilizes research to incorporate effective recidivism reduction strategies. The UCCI technical assistance will also help further develop Green Lake County staff member understanding of Evidence-Based Practices and how to effectively employ them. The use of the Correctional Offender Management Program for Alternative Sanctions (COMPAS) risk/needs assessment tool will identify moderate and high risk offenders requiring intervention, individual needs to target, and a link to DOC's previous assessments. Also, the use of the DOC Program Data Collection System will provide a structural reporting framework for data collection, which will aid in billing and later be used to conduct analyses of the program.

In addition, the DOC Reentry Disabilities Treatment Director Lars Brown will be available for technical assistance at no cost to the program. He will be making regular site visits and setting up conference calls as needed to support this initiative. If you have any questions or concerns about these funds and our expectations, please feel free to contact myself and copy in Courtney Pedersen, who tracks this information for Reentry.

Best of luck with your program. Please keep in mind that the over-arching goal for these funds is recidivism reduction.

Sincerely,

RE: Judicial Law Enforcement Committee

Dear Chairman Starshak:

I am sorry I have been unable to attend the last few Judicial Law Enforcement Committee meetings. Due to a change in when I travel to other counties for court hearings and Judicial Education Seminars, I have been out of town when those meetings have been scheduled.

I was informed by the secretary of the committee that you wish to have an update from the Circuit Court. With regards to the Drug Court we have now hired a Drug Court Coordinator and we are working on setting up policies and procedures. We will have a National Training in July and our hope is sometime over the summer to accept our first Drug Court Candidate. The Drug Court Coordinator is overseen by Social Services and it was decided by the County Coordinator and the Drug Court Committee that the governing committee for the committee and the budget would be through Social Services.

The District Attorney, Jail Administrator and Detective Josh Ward are all on the committee. If for some reason I am not able to attend a Judicial Law Enforcement Committee meeting they would be as capable of providing an update as I would as we all attend the same meetings.

In the future, if I am unable to attend a meeting and if there is anything to report to the committee, I will either inform the Clerk of Court to relay that information to you or send you a letter. However, if you do not hear anything it is safe to assume all is well. Thank you for your inquiry.

Very truly yours,

Mark T. Slate  
Circuit Court Judge

Dear Judicial/Law Enforcement Committee Members:

The Coroner's Office has been increasingly busy with deaths. As of June 1, 2017, approximately 107 deaths have been reported and approximately 83 were deemed Coroner cases. All deaths that occur in Green Lake County should be reported to the Coroner's office to determine jurisdiction and if the death would require an investigation (deemed a Coroner's case). An additional 2 autopsies have been completed since May 10, 2017 (last committee meeting).

The line item in question at the May 10, 2017 committee meeting regarding disinternments, was created to pay for the cremation services for the indigent individual that as unclaimed. The line item name has now been changed to indigent internments.

Thank you for your time.

Respectfully,

Amanda Thoma

June Sheriff's Office report to the  
Judicial/Law Enforcement Committee

The County Administrator and Corporation Counsel have advised that in the future we should be putting our reports to the Committee in writing. All of the Judicial/Law Enforcement Committee Departments have been notified of this. If you have any questions regarding this information, please feel free to ask at the meeting.

On May 24<sup>th</sup>, at 3:20pm, our GLSO transport van was side-swiped on Sth.23 at Sth.73/Pye Alley in the Town of Princeton. The Deputy operating the van and a private party were injured – not seriously. The inmate in the transport van was uninjured. The Wisconsin State Patrol, as an outside agency, investigated the crash under Lexipol Policy #502. An internal investigation was done into the cause of the crash, seatbelt usage, and actions prior to and after the incident. The deputy was in full compliance with GLSO and County policy, the other operator was found at fault. This was a recorded event via in car video. The transport van was totaled.

Seatbelt Task-Force Interdiction was done on May 26<sup>th</sup> and June 2<sup>nd</sup>. A total of 99 vehicles were stopped. Enforcement action resulted in 60 warnings, and 48 citations issued for a variety of offenses including 2 operate while under the influence and 6 other criminal drug charges.

Our Water Safety Patrol has begun and everything is ready for the boating season.

We continue on in the hiring process and with filing positions.

The best news of the month is that after extensive efforts were put in by Lynn Ryan, Corrections Clerk, who is the overseer of the Recidivism Reduction Program and Lori Evans, Administrative Assistant to the Sheriff, the Green Lake County Correctional Facility was awarded \$143,097 from the Becky Young funding for SF18. A letter acknowledging that is included in the packet. Nice job ladies.

Respectfully submitted,
