## **COMMITTEE DISCUSSION**

**Future Meeting Date:** March 3, 2020 at 5:00 PM.

**Future Agenda items for action & discussion:**

## **ADJOURNMENT**

Chair Bernhagen adjourned the meeting at 5:34 PM.

Submitted by,

  
Liz Otto  
County Clerk

DIVISION OF PIEPER ELECTRIC, INC. ON SITE ELECTRICAL SERVICE AND MANUFACTURING

February 5, 2020

Green Lake County  
571 Co Rd A  
Green Lake, WI 54941

To whom it may concern,

Thank you for the opportunity to bid the Security Upgrade project for Green Lake County. Pieper Electric, Inc., dba-Systems Technologies has a broad experience range of staff and through this experience we are able to provide our customers with robust security solutions. Our staff has experience in fire alarm systems, network cabling systems, fiber optic cabling, paging systems, video presentation systems, wireless clock systems, access control systems, closed circuit television systems, and electrical design from every aspect, including electrical distribution and lighting.

#### Proven Vendor

Pieper Electric, Inc., dba-Systems Technologies has been providing security based systems and service for over 16 years. Specifically, we have been providing the Genetec Based Security Solution since Genetec's entry into the market in 2002. We have installed and are servicing several customers on the Genetec Platform.

#### Proven Staff

We can provided resumes of the staff who would be involved with the service and maintenance of the Green Lake County security system. We continually develop our staff through continuing education and quarterly professional development reviews. Continuing education is offered through a vast offering of training classes held at each of our offices on a regular basis. Our staff also attends formal manufacturer certification classes on an as needed basis. In addition to Genetec, certifications include Axis, Samsung and Arecont camera products. Our team has a passion for high quality workmanship and strives to

construct projects that exceed the customer's expectations. Our strategy is to communicate effectively with our customers while providing quality installations, as well as swift and competent resolution to service requests. We see the relationships with our customers as fundamental to our business, and we strive to treat others with the golden rule. Our success has been built upon the foundation of long term relationships that provide a high level of customer satisfaction with quality and value. We work diligently to project a professional image through our equipment, vehicles and ourselves.

### Proven Safety

As a service business, our employees are our key asset. Our goal is to provide outstanding customer service through our staff by ensuring that safety on our job sites is a top priority. We have implemented hazard recognition and elimination techniques to reduce our overall exposure to accidents and ultimately reduce our cost of providing labor to our customers. We strive to meet our goal of zero accidents, ensuring that both customers and employees are safe. That is why we say our People are our Power.

Thank you for your time and consideration of our response. If you have any questions or would like additional information, please feel free to contact me, 608-297-1530 or [John.Wedige@pieperpower.com](mailto:John.Wedige@pieperpower.com)

## DIVISION OF PIEPER ELECTRIC, INC. ON SITE ELECTRICAL SERVICE AND MANUFACTURING

### Access Control Base Bid Scope of Work:

The scope of work is to replace your existing access control head end and software with Genetec Synergis access control panels and software.

### Notes:

- All cable to be re-used except for the card readers shown on the following plans. These cable runs are to be new. TS100D, TS101D, TS102D
- Door contacts and Request to exits thought to be at all doors with the appropriate cabling and are to be re-used. This bid does not include new request to exits, door contacts, or cabling for those devices
- This bid includes labor to put client software on owner provided work stations
- Assumes re-enterable sleeves for in floors, EMT sleeves for in walls
- Assumes re-use of existing power circuits
- Assumes ground bar or building steel within 8' of controller locations
- Assumes existing rack space available with no reorganization required or included
- Does not include a card reader on door 1221
- Owner to provide an export of their current card holders so we can do a mass import into Genetec. If that is not possible additional charges to apply for manual data entry of each card holder.

### Does not include:

- Servers and/or PCs
- Ethernet Switches
- Credentials, existing to be re-used
- Door Hardware (I.E. Strikes, Magnetic Holders, PT Hinges, RIM Devices)
- Plywood, racks, cable management, pathway for telecom and electrical rooms
- Support for owner furnished equipment
- Active network electronics (switches, etc) excluded
- Not responsible for condition, finishes, or operability of any existing devices
- Equipment or services not listed within the proposal

### CCTV System Alt #1 Bid Scope of Work:

The scope of work is to replace your existing CCTV System head end and software with Genetec Omnicast software.

### Notes:

- All new cable to be installed, does not include installing conduit for CAT6.
- Includes install of owner furnished mounts, monitors, & work stations.
- This bid includes labor to put client software on owner provided work stations
- Assumes re-enterable sleeves for in floors, EMT sleeves for in walls
- Assumes re-use of existing power circuits
- Assumes existing rack space available with no reorganization required or included
- Does not include PTZ cameras
- Labor provided to demo old analog cable and devices

## REQUEST FOR PURCHASE APPROVAL

### Item To Be Purchased:

Rumble Strips

Department: Highway

Account Number: 20-701-29-53281-810-000

Governing Committee: Highway

Governing Committee Approval Date:

P&I Approval Date:

### Reason for Purchase:

WisDOT is mandating that rumble strips to be used for all flagging operations on the State roadways. We are asking P&I for approval of proper procedure prior to the next Highway Committee meeting scheduled for March 11, 2020 so we can purchase and have on hand prior to spring/summer activities.

These will be used on State and County for safety concerns in flagging operations.
